Summer Farm Festival and Malheur Experiment Station Field Day

Agricultural Trade Show Booths

Several Different Events and
Contests with Prizes

**FREE
LUNCH**

FUN FOR THE WHOLE FAMILY

Cooperating to bring you this year's Summer Farm Festival and Field Day are the OSU Malheur Experiment Station, The Ontario Chamber of Commerce, Malheur County Soil and Water Conservation District, Owyhee Irrigation District, OSU Malheur County Extension Service, Malheur & Owyhee Watershed Councils, and KSRV

beet yield and weed control in Roundup Ready and conventional systems.

D. Onion Production Tour

Discussions will include thrips control, iris yellow spot virus, onions grown from sets and transplants, irrigation management and soil moisture monitoring.

Schedule

8:00 AM - 9:00 AM

Registration

9 - 9:40 AM

A. Yellow Nutsedge Control

The tour will highlight yellow nutsedge management and control through crop rotation, tillage, and herbicides.

Participants will also see evaluations of pre-emergence herbicides on dry bulb onion with carbon seeding.

B. Wildflower and Native Plant Seed Production

This tour will highlight new results in planting techniques and summary results for irrigation and weed control trials.

9:45 - 10:25

C. Onion and sugar beet weed control

Evaluation of herbicides and adjuvants to improve weed control in onion. Sugar

10:30 AM - 11:10 AM

E. Sweet potato and potatoes

Evaluation of sweet potato irrigation and variety adaptability to the Treasure Valley conditions. Potato variety development program.

F. Tour for youth. Some unusual plants. How to keep soil on your farm. Ways to irrigate.

11:15 - 11:55 AM

G. Soil and Water Conservation

The tour will include considerations of how water and soil can be managed to reduce losses while optimizing crop production.

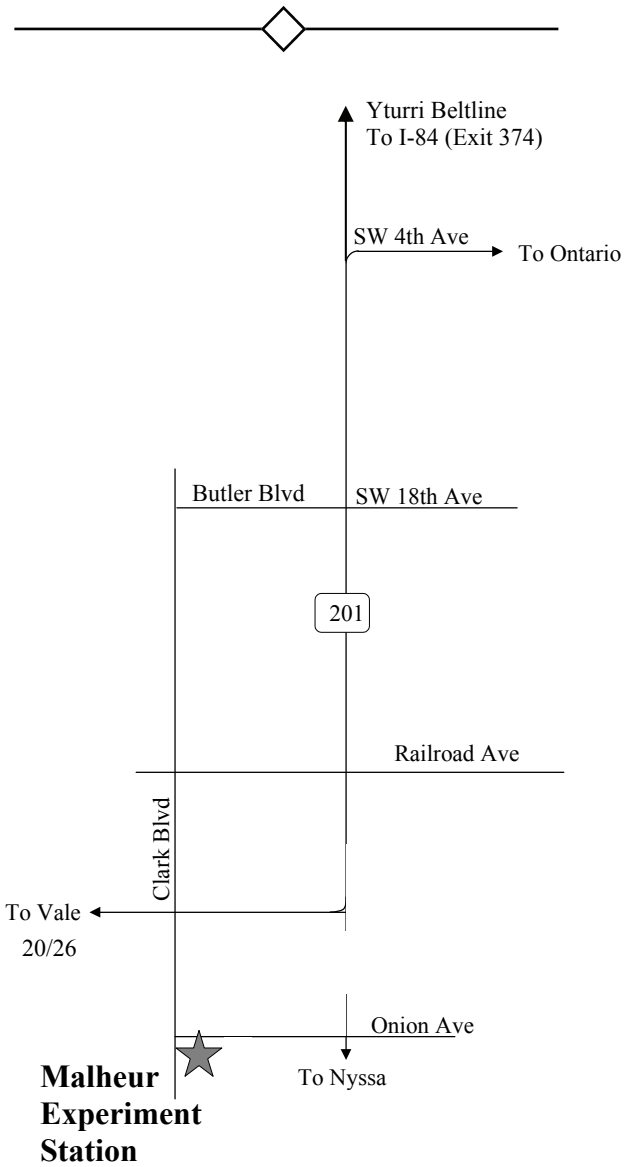

Lunch Program: Bob Komoto on the future of OSU extension and research in Malheur County.

Awards presented to Contest Winners
